Nani Weather+™ 310095SNB Satin Natural Bronze Finish,
Ivory with Walnut Highlight Blades

Weather+™ Fans

For coastal environments.

Designed to withstand wet-rated weather conditions and combat the effect of certain environmental factors such as sun, rain, and saltwater spray. Weather+ ceiling fans are low-corrosion and UV fade-resistant, making these fans ideal for coastal areas.

Nani Weather+™

Inspired by the palm leaf, the Nani collection's ABS fan blades easily transform global settings into their own slice of paradise. Its broad blade sweep makes it ideal for medium-sized indoor or outdoor applications. As a Weather+ ceiling fan it can withstand wet-rated weather conditions plus combat the effects of certain environmental factors such as saltwater spray and impact from UV rays.

DC Control Transmitter - Full Function

Designed for DC motor fans only. **Dry-rated transmitter.**

6-Speed DC CoolTouch™ Transmitter
Full Function

371075WHTR

- **65K Frequency Options**
- 6 Forward Speeds, Reverse, and Motor Off.
- Lights on/off with full-range dimming (including LED light sources).
- Includes White faceplate and mounting hardware. No more than 2 fans on one circuit.

Optional Accessories:
370010IV CoolTouch Wallplate in Ivory (IV)
**370011IV, WH** CoolTouch Dual Gang Wallplate in Ivory (IV) or White (WH)

6-Speed DC Wall Transmitter
Full Function

370036 IVTR, **WHTR** (shown)

- **65K Frequency Options**
- 6 Forward Speeds, Reverse, and Motor Off.
- Lights on/off with full-range dimming (including LED light sources).
- Includes Ivory or White faceplate and mounting hardware. No more than 2 fans on one circuit.
- Hard-wired wall control.
Designed for AC motor fans. Includes transmitter and receiver. 65K Frequency Options.
Dry-rated transmitter, Wet-rated receiver.

CoolTouch™ Handheld Control System
Full Function

371085 ALM, IV, **WH** (shown)

- **65K Frequency Options**
- 3 Forward Speeds, Reverse, and Motor Off.
- Lights on/off with full-range dimming (including LED light sources). *On/off only for fluorescent.*
- Wireless radio frequency operational radius of 30' or less.
- Replaces any single-wall switch or mounts on any flat surface. **Retrofits most pull chain fans and most ceiling fan brands.**
- Includes transmitter and canopy-mounted, learn mode receiver with 65,000 code settings. Also includes wall bracket and mounting hardware, plus replaceable long-life lithium batteries.

Optional Wall Transmitter*:
371065MULTR
65K Wall Transmitter - Full Function
Includes Almond (ALM), Ivory (IV), and White (WH)

Wall Control System
Full Function

371045MUL (ALM, IV & WH)

- **65K Frequency Options**
- 3 Forward Speeds, Reverse, and Motor Off.
- Lights on/off with full-range dimming (including LED light sources). *On/off only for fluorescent.*
- Includes transmitter and canopy-mounted, learn-mode receiver with 65,000 code settings. Also includes White, Ivory, and Almond switch and cover plates, plus mounting hardware.
- Hard-wired wall control.

Optional Remote Transmitter*:
370006WHTR
65K CoolTouch™ Transmitter - Full Function
White (WH)

*Dry-rated transmitter

AC Control Systems - Limited Function

Works with any AC or DC CoolTouch™ Control System

Slope Adapter

337005 (Multiple Finishes Available)
60°Slope Adapter | 6"Dia. x 4"H

- Adapts to sloped or vaulted ceilings from 0° to 60°
- Accepts our CoolTouch™ Receiver Unit for remote controlled fans
- Includes "Stabilized" Mounting System with tension feature
- Safety features prevent fan from "lifting" off mounting system
- Heavy-duty design features 2 safety pins and 1 screw set for maximum safety
- Designed for indoor or outdoor use. Outdoor finishes are powder coated or painted with a galvanized undercoating
- **Designed for use with 1" O.D. downrods ONLY**
- Available in all Kichler® fan finishes
- Downrod sold separately
- U.S. Patent Pending

| 30° | 45° | 60° |

All Kichler® ceiling fans come standard with our universal hanging system. This basic system allows for mounting on ceilings with up to a 30° slope. For ceilings in excess of 30° of slope, please utilize our 60° Slope Adapter (337005).

Recommended for fan stability in high wind applications. (For any slope or flat ceiling)

Dual-Threaded Downrods

1" O.D. extension downrods.

Notes

- Wattages stated are the maximum recommended; however, you may use lower wattage lamps to suit your lighting needs. Some recommended lamps are not available in the maximum allowable wattage.

- All electrical products are rated as 120-volt, AC unless otherwise noted.

- All electrical products are certified and listed to UL/CSA/ETL Standards for use in U.S.A. and Canada except where noted.

- All products featured in the outdoor section are certified and listed to UL/CSA/ETL standards for wet location except where noted.

- On some products, in order to accommodate higher-than-normal ceiling height, extra lead wire is supplied and specified. With additional sections of chain or stems (not included), this allows an added measure of design flexibility.

- Finishes for fixtures installed outdoors are subject to change due to prolonged exposure to sunlight, airborne pollutants, and other forms of weathering.

- To serve you better, Kichler Lighting reserves the right to make improvements to the products in this catalog. Therefore, some products may change during the life of the catalog and the product information contained in this catalog may also have changed.

Consumer Notice

Federal Legislation to phase out 100 watt incandescent bulbs started January 2012.

The federal government enacted the Energy Independence and Security Act of 2007 in December 2007, requiring all general-purpose light bulbs that produce 310-2600 lumens of light be 30% more energy efficient (similar to current halogen lamps) than current incandescent bulbs by 2014. The efficiency standards started with 100 watt bulbs in January 2012 and will end with 40 watt bulbs in January 2014.

Light bulbs outside of this range are exempt from the restrictions (historically, less than 40 watts or more than 150 watts). Also exempt are several classes of specialty lights, including appliance lamps, rough service bulbs, 3-way, colored lamps and plant lights.

In 2020, a second tier of restrictions will become effective; which requires all general-purpose bulbs to produce at least 45 lumens per watt (similar to current CFLs). Exempt from the Act are reflector flood, 3-way, candelabra, colored and other specialty bulbs.

Many governments worldwide have passed measures to prohibit the sale of incandescent light bulbs for general lighting. The aim is to encourage use of more energy-efficient lighting alternatives, such as compact fluorescent lamps (CFLs) and LED lamps.

References: www.energy.senate.gov

We go to great lengths to assure the metal and glass finishes shown in the catalog match the actual products, but printing variations and variations in chemical finishes and the nature of hand-applied finishing will cause some differences between the printed images and actual product, and from one product to another.

We use only non-ferrous materials on the exterior parts of our outdoor lantern products, and use the best available weather-resistant finishes. However, due to some extreme environmental conditions such as acid rain, salt air and ultraviolet exposure, we cannot guarantee our exterior finishes, with the exception of our LifeBrite™ fixtures.

c(UL)us LISTED   **c(SA)us**   **c(ETL)us Intertek**

All electrical products are UL/CSA/ or ETL Listed and Certified to UL/CSA Standards for use in U.S.A. and Canada except where noted.

american lighting association — Kichler is a member of the American Lighting Association (ALA), a trade association representing the residential lighting and ceiling fan industries in the United States and Canada. Its membership includes leading lighting and fan manufacturers, showrooms (retailers), manufacturers representatives and designers. ALA members are dedicated to providing the public with the proper application of quality residential lighting.

KICHLER LIGHTING EST. 1938

OUR VISION

At Kichler Lighting, everything we do, every
single day, is with the intention of creating
and delivering products that allow people to
see what matters most to them. We will do
that by relentlessly pursuing quality, ensuring
continued innovation, always going one step
further in our commitment to exceptional
customer service and education, as well
as creating on-trend designs that are both
stylish and "life-stylish," promising to
deliver project success for you.
